RE: TWO DAY PROFESSIONAL & PERSONAL DEVELOPMENT WORKSHOP FOR TEACHERS

Dear Principal

As you may be aware Nan Tien Temple has been hosting a variety of educational excursions for schools over the past eleven years. Our aim is to provide an exciting and educational experience to students, which will broaden their learning and understanding of culture, religion, humanism and society in general.

Many teachers on the excursions have raised queries regarding access to further information and educational resources to assist them with their teaching the syllabus in the areas mentioned above. These queries prompted Nan Tien Temple to create a development workshop for teachers. Our first workshop was held in October 2007, due to the positive feedback and further queries we have decided to hold a second workshop in 2009. Teachers commented that the workshop would assist them with the syllabus material and that the personal development they gained would bring benefits to both their professional and personal lives.

'Different Traditions, One Wisdom' will be held 18th & 19th of June 2009. Participants can choose from workshops at two levels therefore anyone who attended in 2007 will benefit from level 2 workshops which will be more advanced. I have enclosed an information sheet and registration form for your perusal.

Yours Sincerely

Venerable Miao You
Manager Education
