

# Nan Tien Institute and Nan Tien Bridge

Nan Tien Institute's (NTI's) vision is to support and inspire learning and the pursuit of research and creative practice. It provides the local region with a place for the exchange of Western and Eastern arts and culture. NTI contributes to the advancement and integration of knowledge, culture and ethical understanding - for the benefit of humanity in an increasingly complex and globally interdependent world.

The Nan Tien bridge will link NTI's new and innovative Campus, Art Gallery & Cultural Centre with Nan Tien Temple, the largest Buddhist Temple in the Southern Hemisphere. This link and connection will symbolise the pathways of learning, cross-cultural connections, and the foundations of Buddhist wisdom that support the educational programs offered at NTI.

Separated by a busy highway, this overpass will facilitate an easier and safer walk for all between the Campus, Art Gallery and Cultural Centre and the Nan Tien Temple.
