USING THE SMARTBOARD IN YOUR CLASSROOM

- Smartboards are like a big TV screen.
- You can interact or simply use as a display for a PowerPoint presentation.
- Links to the internet for any YouTube videos or songs.
- Anything you create can be seen on the smartboard.
- Have to be logged into the teachers laptop.
- Create at home or the institute to use at your school.
- Ask whether school smartboards will show Notebook files.
- How to create a notebook file.
